Mission and Vision Statements

Why Poverty Sunday

In the U.S. there are over **46 million people who live in poverty**. That is approximately 15% of the population. As we know this time of poverty is lonely, isolating, and undignified.

There are **300,000 religious congregations** in the United States with approximately 56 million people in attendance. Given our strong belief that *the Church is God's intended instrument to serve the poor*, we see a great opportunity for the Church to care about their local communities in a way that is transformative!

When your church hosts a Poverty Sunday, you educate and mobilize your congregation to stand with the poor in real, tangible, empowering and non-harmful way

The Vision

To see the Church transformed as it stands with the poor and shows compassion to the point of solidarity

The Mission

To serve and mobilize the Church to care for the poor and get on mission locally

The How

Choose a date that is right for you and your church! The planning resources on the Toolkit page will help make your Poverty Sunday amazing.

There are songs to choose from, sermon guides, Bible verses, graphics, videos, and poverty facts to help make planning your church's Poverty Sunday a breeze. You can even request a speaker if that is a better fit for your church!

We are here for you if you have unanswered questions about Poverty Sunday! Go to PovertySunday.com or email us at cherrelle@attackpoverty.org.
